For the earth to prosper with life and greenery, good rains are essential. For good rains, thick, black clouds are a must. Even after a cloud is completely spent, it still feels an urge to give more, as if it hasn't already given enough. Acharyas are like clouds, they incessantly bestow knowledge to all, and reform the world. Water showered by clouds is the source for crops. The knowledge graced by Acharyas is the source of our identity. Ramanuja was eulogized as, "Ka:re:y karuna ira:ma:nusa!", the most compassionate cloud among all the Acharyas.

This lineage of Acharyas has been instrumental in shaping a better society. Our own beloved Acharya, our apra Ramanuja, His Holiness Sri Sri Sri Tridandi Chinna Srimannarayana Ramanuja Jeeyar Swamiji, who is revered all over the world, blesses us all with His ocean of grace.

Our Chinna Jeeyar Swamiji sanctified this earth by appearing in 1956. "dina:nthe: nihitham the:jah savithre:va hutha:sanaha". Just like the setting Sun, at the end of the day passes on his radiance to Agni, similarly, His Holiness Pedda Jeeyar Swamiji passed on his spiritual strength and blessings to our Chinna Jeeyar Swamiji.

Teaching and practising the principles of, "Serve All Beings as Service to God" and, "Worship Your Own, Respect All", Our Chinna Jeeyar Swamiji continues to fulfill the vision of his lineage. With his guidance, the concept of Volunteering Together for Seva spread, not just in this holy land of Bharat, but across the whole world.

Since the project of Bhagavad Ramanuja's Statue of Equality was underway last year, the celebrations of Swamiji's thirunakshathram, day of appearance, were held in Sriramanagaram, Hyderabad. This year, devotees from various places requested Swamiji's presence on his Thirunakshathram, at their respective places.

The request of the innocent, little children of Jeeyar Gurukulam, Allampalli was irresistible. So, Sri Swamiji has decided to celebrate this year's event in the forests of Adilabad, among A:divasis, the 'sons of mountains', at the Jeeyar Gurukulam Actualising the Divine Will, Swamiji touched the lives of the Girijans and tribal kids, living in forests far away from civilization. He provided them facilities for education by establishing Gurukuls. Their lives were transformed by the inculcation of values. Incidentally, in those days, it was Girijans who came to Sri Ramanuja's assistance twice in the forests.

Our Acharya is celebrating this Deepavali in the forests of Alampalli. How blessed are they! Let us also join the little kids of Jeeyar Gurukul in the celebrations and experience the magic of lighting rows of lamps of shared knowledge.

Come, those children are waiting for you eagerly!!

The prestigious Jeeyar Award for erudite Vedic scholars was instituted in the divine memory of Sri Sri Sri Pedda Jeeyar Swamiji. The award presentation is done on the Thirunakshathram of HH Chinna Jeeyar Swamiji. Since 1994, 30 great scholars have received this honour. This year, **Bramhasri U.Ve. Kilambi Lakshmi Narasimhanji** is being honoured with this award.
